PROFESSIONAL EXPERIENCE

UI/UX Designer

Stateryou (NewYork, NY)

Feb 2025 – Present

- Handle all design needs for the startup - mobile app interfaces, web design, social media graphics, flyers, and brand assets
- Design user-centered mobile and web experiences using Figma and Canva
- Maintain brand consistency across digital products and marketing materials
- Conduct usability testing and iterate based on user feedback to improve product experience
- Collaborate with cross-functional teams including developers and marketing to deliver cohesive solutions

Classroom Learning Assistant

Sacred Heart University (Fairfield, CT)

Sep 2023 – Dec 2024

- Assisted instructors with course planning and student engagement
- Led tutoring sessions and explained technical concepts clearly
- Provided constructive and helpful feedback to support student learning
- Encouraged collaboration and built a strong learning environment

Web Designer

Smart Bridge (India)

Sep 2020 – Aug2023

- Designed and developed interactive websites using HTML, CSS, and JavaScript
- Created responsive web layouts and user interfaces for various client projects
- Collaborated with team members to deliver functional and visually appealing websites
- Implemented modern design principles and ensured cross-browser compatibility
- Focused on user experience and interface optimization

PROJECTS

Portfolio Websites

- Designed and developed portfolio websites for a full-stack developer and personal portfolio
- Created custom UI/UX with focus on visual storytelling and professional presentation
- Built responsive layouts using React, HTML, CSS, and JavaScript
- Delivered polished online presence showcasing work and skills

Popnwrap – Balloon Bouquet Store

- Developed a full-stack React app showcasing an interactive balloon shopping experience
- Built and integrated both front-end and back-end systems for seamless order management

Art Gallery Management System

- Created a UI for organizing gallery artworks and visitor data
- Improved visual experience and back-end coordination for galleries

CSE Department Website

- Built the front-end UI to showcase faculty and student profiles
- Designed with secure login and easy navigation for academic users
